L'Amar World is the consumer face of Amar-Deep Pharma's Ayurvedic research — formulations that draw on classical texts such as the Bhaishajya Nighantu and the Sharangdhar Samhita, refined for everyday, modern use. From immunity and liver care to joint health, every product on this deck is built around one idea: natural relief that's actually meant to be taken daily, not just reached for in a crisis.

Ayurvedic Supplements for Immunity

Herbal capsules from L'Amar World, crafted to support your body's natural defences through every season.

A resilient immune system is built over time, not overnight — and Ayurveda has long leaned on a handful of trusted herbs to do that quietly, day after day. L'Amar World's Immunity Care range, led by Optilife+ Capsules, brings together classical herbal extracts in measured, consistent doses. Formulated as an Ayurvedic immunomodulator, it's meant to sit alongside a balanced routine — sleep, diet, movement — as steady, ongoing support rather than a one-time fix.

- 300 mg herbal extract blend in every serving
- Supports the body's natural defence response
- Formulated for regular, everyday wellness use

X Piles Tablet

A clinically proven Ayurvedic treatment for haemorrhoids — relief that's meant to last, not just mask discomfort.

Haemorrhoids have a way of turning ordinary days uncomfortable, and X-Piles Tablets take a classical Ayurvedic route to easing that. The formulation draws on references from the Bhaishajya Nighantu and works alongside the companion X-Piles Ointment for care from both the inside and outside. Each bottle holds 60 tablets, meant for consistent, physician-guided use rather than an occasional dose when things flare up.

- Clinically proven Ayurvedic formulation

- 60 tablets per bottle
